A WORD FROM YOUR CEO

Rates to Remain Stable for 2011 >>>

INSIDE

Three Year Work Plan	2
Board Positions Open	3
Recipe	4
Member Discount List	6&7
Game	8

I'm pleased to announce that Crow Wing Power will not have a rate increase this year and remind you that thanks to careful planning, rates have remained stable for the past three years.

The Board of Directors and employees have worked diligently to keep rates stable and reduce budgets, while continuing to meet high standards for reliability and service. We're doing this at a time when other utilities in the upper Midwest have implemented substantial increases.

Our wholesale power supplier, Great River Energy, predicts an 8% increase in their power rate to us in 2011. By implementing budget cuts and with careful planning we will NOT pass that increase along to you.

Even though we don't plan on increasing rates, the challenges that put pressure on energy prices remain. Government regulations on carbon emission control and renewable energy standards will affect our industry and be a major factor in determining future electric rates.

The promotion of energy efficiency and conservation has been a high priority for us, not only for the control of high demand

wholesale costs, but to help members reduce their electric bills. We've found those who practice energy efficiency and watch their daily energy use with our online portal have more control over monthly electric bills. In February we plan on launching an upgrade to our online energy use portal.

A few specific notes about parts of your electric bill—

Basic Monthly Charge: Two years ago we made a necessary increase in the basic monthly charge, which covers our costs for providing service. The basic charge increased to \$12.00 in 2009, after having remained at \$10.00 a month for the previous 22 years. This year, we will not increase the monthly charge. It's important to note that most other electric cooperatives in the state have increased it to truly cover the costs of providing service. The average price others are charging is \$20.00, with some as high as \$42.00/month.

Power Cost Adjustment: The power cost adjustment (PCA) on your bill has been and will continue to be used to manage monthly changes as wholesale power costs fluctuate.

Round Up: If your bill has a round up amount, (on average 50 cents/month), you are participating in a valuable community support program. The program is

administered by members, like you, as trustees on the Crow Wing Power Community Trust board. It donates approximately \$180,000 each year to organizations that serve disabled, seniors, children and other programs that help people. Your small change adds to a big change in community program support. Members can opt out of the program at anytime, but we appreciate your continued support to bolster its success.

To recap, we encourage you to do what you can to control your energy bills. Take advantage of our trained energy advisors' knowledge. They will visit your home free of charge and offer simple no-cost, low-cost ways to reduce your energy use.

Go to Togetherwesave.com, a partnership between Touchstone Energy and Crow Wing Power, for easy online energy saving tips. Acct# 68104

It's our hope that the economic downturn will begin to ease and that all of our cooperative members will have a prosperous new year.

I'll keep you informed,

Bruce L. Kraemer

CEO

Ways to Save Money in 2011 >>>

January is typically a time of year to reflect on the things we need to do to improve our lives. Saving money is perhaps on the top of the list for many people. Crow Wing Power has been particularly

focused on that, not only for our business but for the people we serve and so we've implemented several programs, which if followed, could be very beneficial for members.

If you're not diligently taking advantage of some of these, so that you focus EVERY DAY on saving, you may want to make it a point to start utilizing them.

Ways to Save Money in 2011 continued from pg 1 >>>

The programs we are promoting include utilizing your Co-op Connections Card discounts, printing coupons from our special Co-op Connections Discount website, practicing energy efficiency, inviting an energy advisor to your home, taking advantage of rebates and most of all making it a habit to do all of the above every day.

ENERGY EFFICIENCY

We offer rebates for upgrades to Energy Star® efficient appliances, however we have a limited number of rebates available, so call first before you purchase. We also have trained energy advisors that will come to your home or simply walk you through items to check in your home. UNPLUG. It may seem insignificant, but you probably have many items in your home that are using electricity when not in use — cell phone chargers, digital devices, computers and the like.

CO-OP CONNECTIONS CARD

We offer a discount card to all members and almost 200 businesses locally accept it. Use your card at participating retailers on a regular basis. Go online to www.connections.coop and

see what you can save nationally as well before you purchase items.

PHARMACY DISCOUNTS

Did you know your Co-op Connections card may be able to save you money on pharmacy discounts? Check with your pharmacist with every drug you are prescribed...the discount the card gives you may be better than your normal insurance. Nationwide cooperative members are saving 33% on drugs with the card.

COUPONS

Did you know we offer valuable coupons to cooperative members through www.connections.coop? The biggest problem with coupons, however, is staying organized. We have purchased coupon organizers and they can be ordered online for \$5.00 at info@cwpower.com. Type in coupon organizer in the subject line, we'll bill your electric account and send you the organizer.

ONLINE BILL PAY

Online Bill Pay, or using our E-Bill program, can prevent late charges and keep you on track for paying your bill.

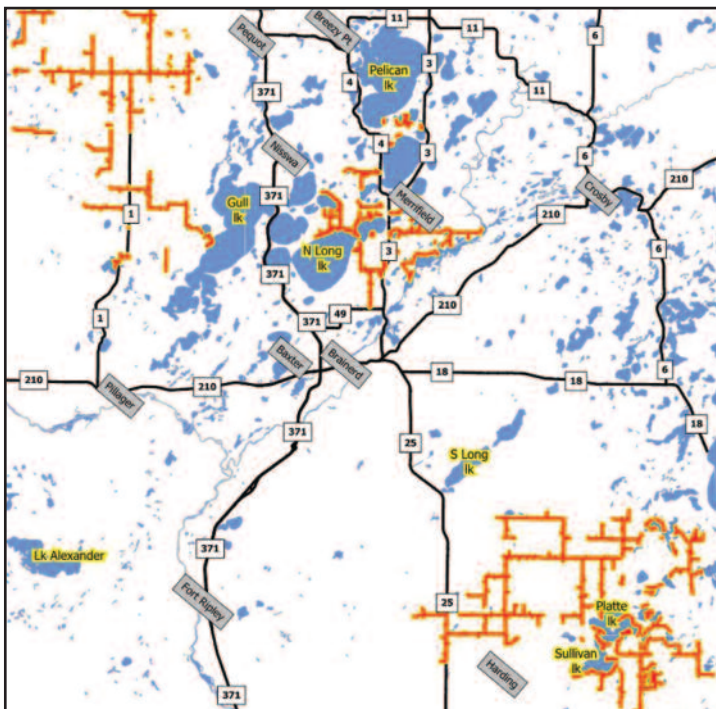

The program e-mails you when your bill is ready to view and pay and sends an e-mail confirming your payment. Another option widely used by members is auto-pay. Those features are readily available for members to ease the payment of electric bills and there is no charge for using the services. Acct# 176004

Every dollar you save is a dollar earned.

Crow Wing Power has ordered coupon organizers to help members save money. This photo is similar to the ones we ordered. There are 12 compartments. It's blue and made of a semi clear poly plastic. Members can order online at [cwpower.com](http://www.cwpower.com) or call us. We'll charge you \$5.00 on your electric bill and mail you one.

Three-Year Work Plan Approved >>>

Orange areas outline Right of Way Clearing for 2011, both North & South of Brainerd.

The Crow Wing Power Board of Directors recently approved a new three-year construction work plan. Included in this work plan are building new services and one new substation, and upgrading two substation transformers. This work plan is unique from previous years because it has shifted from focusing on new services to upgrading and maintaining our system.

One of the areas that the planning process is taking into account is service reliability and age of our grid. We are also increasing the number of underground cable replacements because of higher cable failure rates. Each year we inspect 10% of the poles on our system and replace them as necessary.

The Board also approved a 2.5 million dollar right-of-way budget to continue our focus on maintaining the distribution and system reliability. The majority of the clearing and trimming of trees and branches will take place west of Pequot Lakes and Nisswa, Pine Center and the area surrounding Merrifield. Members will be contacted by us prior to clearing in their area. For more information, go to www.cwpower.com and click on line clearing video.

Energy Efficiency Seminar >>>

Seminar set for March 12

Helps homeowners build energy-efficient homes.

If you plan to build, remodel or upgrade the energy-efficiency of your home, sign up for our Energy Efficiency Seminar to be held on Saturday, March 12, 2011, from 9:00 am to 3:00 pm at Central Lakes College. We've invited an exceptional speaker to update you on the latest technology and most energy-efficient products on the market. To register, complete the form and send it to Crow Wing Power, P.O. Box 507, Brainerd, MN 56401. Acct# 2743701

Information and Demonstrations will include:

- Proper building construction
- Vapor Barriers
- Radon Gas
- Window glazing
- Energy efficiency
- Lighting - Residential
- Off-Peak storage heating & water heating
- Groundwater heat pumps
- Home security
- Financing
- Tax incentives

For more information about the seminar, contact us at 218-829-2827 or 1-800-648-9401.

Register now - the seminar fills up quickly!

Three Directors' Positions Open for Filing >>>

Bette Mezzenga

Three districts open for director elections this year are currently held by Bette Mezzenga, Gert Roggenkamp, and Dwight Thiesse.

Bette Mezzenga is the current director for District I At-Large. She resides in the Crosslake area.

Gert Roggenkamp serves as a director from District 2 B. Gert resides in the Breezy Point area.

Gert Roggenkamp

Dwight Thiesse is the present director for District 3 A. He lives just south of Brainerd.

Current board members have until April 12 to file as a candidate for the 2011 election if they so choose.

Filing is open from January 27 until April 12 for the three director positions. Members can file for any one of the three positions prior to April 12 when filing closes, but they must live in the open position districts of District 1 At-Large (1A or 1B), or District 2B, or 3A.

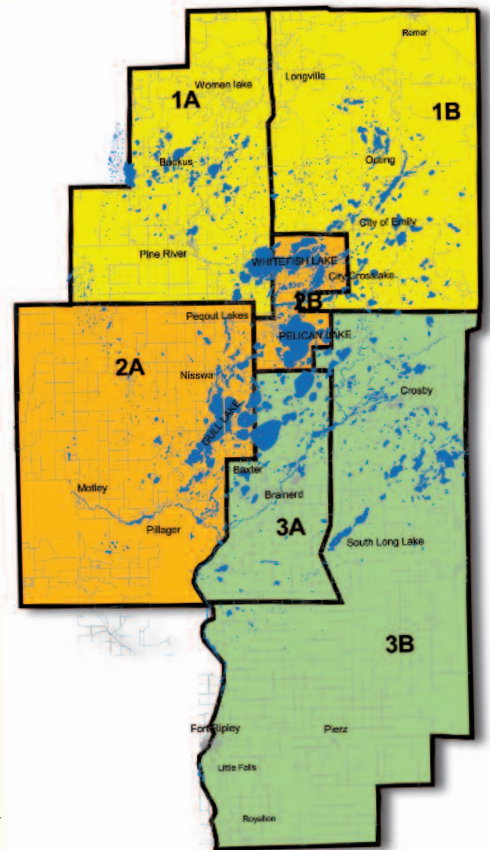

Dwight Thiesse

If you are interested in running or have questions regarding the process, please contact Crow Wing Power at 829-2827 or 1-800-648-9401. Ballots will be mailed to all members and voting will end on Saturday, June 11, the day of our annual meeting.

"We are an equal opportunity provider"

District 1 District 2 District 3

Saving Money with your Credit Union >>>

Crow Wing Power Credit Union (CWPCU) consistently offers some of the best loan rates in the Brainerd Lakes area. By moving your consumer or home equity loan to CWPCU you should be able to save money. Receive a \$100 bonus for a new consumer loan over \$10,000 or a \$200 bonus for a new home equity loan over \$20,000.* There are no closing costs on your first CWPCU home equity loan.* Go to www.cwpcu.org for rates, more information and applications.

Review your credit report for accuracy. Errors on your report could lower your credit score and prevent you from obtaining the best interest rates. There is only one legitimate site, which is www.annualcreditreport.com.

Do you have adequate savings? Ask yourself how you would pay for your next emergency vehicle or home repair. If your answer is a credit card, then we can help. Open a saving account and set up an automatic deposit of \$20-30 a month. When your next emergency happens, your savings will be available to help with the extra expense.

Save your tax refund. Taxpayers who e-file and choose direct deposit should receive their refunds in as few as 10 days. So we recommend not wasting your money on a Refund Anticipation Loan. The fee and interest rates are usually excessive. If you are receiving a very large refund, adjust the withholding allowances on your W-4 and get more money in your paycheck for this year.

When you think of your finances, consider Crow Wing Power Credit Union. Whether you need to save or borrow money, we have a solution available. Stop in or call us today at 218-829-2827 or 1-800-648-9401.

* Loan approval subject to CWPCU's normal underwriting standards. Rate based on credit score. No closing cost offer applies up to \$100,000 loans. \$200 bonus does not apply when you have an existing CWPCU home equity loan.

Recipe Book to be Published in 2011 >>>

We've been collecting recipes from our members since 2006 and in four years have about 900 cooperative members in our recipe club. Thanks to members, we now have approximately 500 recipes members have sent us and have decided to print a recipe book. Members will be able to purchase the books at cost. Watch the March Current Connection to find out more details on when it will be available. Acct# 342802

Let's Keep Cookin' >>>

Send your favorite **pasta** recipe to Crow Wing Power, PO Box 507, Brainerd, MN 56401. If your entry is drawn and printed in the March Current Connection, you'll receive a \$25 credit on your electric bill.

If you want to receive a recipe card each month in the mail, fill in the form below. Recipes will also be posted on our website at www.cwpower.com. Recipes and cookin' club forms can be sent in one envelope.

Household Tip- "dusting"

By **Connie Logemann, Brainerd**

Mix in a spray bottle:
 1 part fabric softener
 3 Parts Water

Spray your broom before sweeping. It will attract dust bunnies. Works great for cobwebs too!

High School Juniors - Win a Trip to Washington D.C. >>>

Join over 1,000 other students from around the nation – a free trip to Washington, D.C.

Interested high school juniors need to write a one-page essay describing a “New Energy Technology Idea” or a futuristic “Energy Thought”. It can be fiction or non-fiction. Acct# 33722901

From June 11-16 winners of the contest will fly to Washington D.C., sponsored by rural electric cooperatives. Your cooperative sponsors the trip for three students each year. For more information go to www.cwpower.com, or call the cooperative at 829-2827 or 1-800-648-9401. Entry deadline is February 18th.

Dual Fuel Control May Change in 2011 >>>

Our Dual Fuel program is used by nearly 9,000 members. Those members have an electric and a non-electric backup heating system. In times of high demand and/or high energy prices, we control the electric heat and member’s non-electric heating system is used.

Normally Dual Fuel is controlled during the evening hours, however due to the ever changing nature of peak demand, there may be some varying times of control, including possible morning hours. Not all dual fuel customers will be controlled at the same time, but at the end of the season your total control time will be the same.

About 30% of Crow Wing Power members participate in our Controlled Electric Programs, (load management

programs) saving them significant amounts of money in heating and cooling their homes.

Load Management programs protect our environment by reducing electric demand during high use periods, which reduces plant emissions. Controlling the peak electric loads can also help to reduce the wholesale cost of electricity, keeping our rates as low as possible.

People’s Security is Offering FREE INSTALLATION >>>

Now is the time to install a security system because People’s Security is offering FREE INSTALLATION to people that purchase a system from January 31 until March 31.

Security systems are very affordable. The security of knowing you are protected from burglary, theft and the peace of mind is priceless, yet it costs you only \$20.99 a month for monitoring. There are many options that come with a system and you can even view and control your home from a computer or other web-enabled device.

People’s Security has been in the Brainerd Lakes Area for 20 years and is a trusted and reputable company, offering affordable systems. Call, and a representative will come to your home and help you decide what options are best to serve your needs. 218-828-4828 or 1-800-735-1440.

People’s Security Sales Representative, Pete Knight was recently awarded ‘Associate of the Year’ from Mid Minnesota Builder’s Association, a high honor recognizing Pete’s commitment to service.

Check out the **NEW** Member Discount Listing >>>

The Co-op Connection Card program is growing. This exciting program offers special discounts and benefits exclusively to Crow Wing Power members. Clip and save the list as new businesses come on periodically and the list changes. Simply show your Co-op Connections card or key fob at these businesses to receive your discount. For more information, log on to our website at www.cwpower.com and click on discounts at businesses. If you've lost your card or need more information, call us at 218-829-2827 or 1-800-648-9401.

Statement of Nondiscrimination >>>

Crow Wing Cooperative Power and Light Company is the recipient of Federal financial assistance from the Rural Electrification Administration, an agency of the U.S. Department of Agriculture, and is subject to the provisions of Title VI of the Civil Rights Act of 1964, as amended, Section 504 of the Rehabilitation Act of 1973, as amended, the Age Discrimination Act of 1975, as amended, and the rules and regulations of the U.S. Department of Agriculture which provide that no person in the United States on the basis of race, color, national origin, age, marital status, sex, or handicap shall be excluded from participation in, admission or access to, denied the benefits of, or otherwise be subjected to discrimination under any of this organization's programs or activities.

The person responsible for coordinating this organization's nondiscrimination compliance efforts is Bruce L. Kraemer, C.E.O. Any individual, or specific class of individuals, who feels that this organization has subjected them to discrimination may obtain further information about the statutes and regulations listed above from and/or file a written complaint with this organization; or the Secretary, U.S. Department of Agriculture, Washington, D.C. 20250; or the Administrator, Rural Electrification Administration, Washington, D.C. 20250. Complaints must be filed within 180 days after the alleged discrimination. Confidentiality will be maintained to the extent possible.

**WHO KNEW A FRESH LAYER
OF INSULATION WOULD HELP
ME WEATHER THE ECONOMY?**

There was money hiding in my attic. Not anymore. I'm saving \$240 a year just by adding insulation. What can you do? Find out how the little changes add up at TogetherWeSave.com.
